Projects

Omok (Java Swing)

- Re-build Omok game to 10 X 10 map, a game placing black and white game stones making five stones in a row to win
- By playing the Omok game, think how to implement it, and then re-code it.

Virus game (Java)

- Re-build Hexxagon to 8 X 8 map, retro video game which can be played by 2 players. Players can move 1 or 2 box(s). Game over when both players can't move or infect all boxes of opponent
- Learning how it works by playing the Hexxagon game and re-code it.
